EXPERIENCE

Duke University Office of Information Technology

Tech Tutor and Multimedia Project Studio Consultant

September 2015 – Present | Durham, NC

- Provide technical and creative assistance to students, staff, and faculty on a wide variety of multimedia equipment and software (including web design and development, graphic design, video editing, audio editing, modeling, and animation).

Duke Innovative Design Agency (DIDA)

Web and Print Designer

September 2015 – Present | Durham, NC

- Work independently and collaboratively with a designer team of 16 students to offer creative marketing and communications solutions to the Duke community.
- Communicate with representatives to determine each client's marketing needs and build client relationships.

Freelance

Graphic Illustrator/Designer

February 2008 - Present

- Freelance work encompasses character design, derivative artwork from character references, and designing graphics/branding material for clients.

REDSTAR Works

Front-End Development Intern

Summer 2015 | Beijing, China

- Built and designed 4 websites with the Divi platform on Wordpress by incorporating HTML, CSS, and designs created with Photoshop and Illustrator.
- Designed print materials to market a Whose Line Is It Anyway? show.

LEADERSHIP

HackDuke Organizer

Director of Marketing and Branding, Education team

September 2015 - Present

- Brand manager and graphic designer for the premier collegiate hackathon addressing social good, and other educational events hosted by HackDuke's team throughout the school year.

Club Golf

Treasurer and Safety Officer

January 2015 - Present

- Budget around \$17,500 each semester for team events and merchandise, including tournament fees, transportation and travel expenses, range and golf course costs, and team social events.
